Freeze DNA helps students get back to the drawing board

Students enjoyed the cartooning workshop put on by Freeze DNA Feb. 13. Presenters Anthony and Justin showed how simple strategies can help students create great cartoons.

Important reminders for all families

As the snowy weather continues, please pack an extra pair of socks in your child's backpack so they have dry socks available in the event their socks get wet.

We have noticed many students in need of forks and spoons. We keep a limited supply in the office but appreciate you sending utensils with your child to use for lunch and/or snack.

If you're purchasing school clothing to replace items your child has outgrown please keep in mind our school dress code is plain white or navy tops with plain navy bottoms.

Just a reminder that students in Grades 1-6 must wear snow pants to play on the field or snow hills at recesses. Please ensure your child brings snow pants to play in the snow.
